# H05 247

## #1 ELD System

HOS 247 ELD solution ensures FMCSA compliance and delivers superior safety and productivity for any fleet. HOS 247 logbook app and electronic logging devices are perfect choice for small to large fleets and owner-operators.

### **Main Features**

ELD Compliance and much more

#### **Automatic HOS**

Automatic hours of service calculation and violation alerts.

Automatic recording of driving time, miles and locations.

#### **Compliance Monitoring**

Monitor your drivers' hours of service logs and DVIRs.

Receive alerts to prevent violations.

#### **DOT Inspection Mode**

Simply show logs on your phone or tablet.

No printer needed.

#### Fleet Tracking

Track your vehicles in real time and view their

location history.

#### **Multiple HOS Rules**

Compliant with multiple HOS rules including

Property/Passenger 60-hour/7-day & 70-hour/8-day.

#### IFTA reporting

Automatic IFTA state mileage reporting saves you

time and money.

#### **Electronic DVIR**

Vehicle inspection reports are created and

submitted in seconds.

#### **Access Permissions**

Manage permissions for fleet managers, compliance

officers, drivers, accountants, brokers and customers

# ELD Components Things You Need To Stay Compliant

#### **Logging Device**

Affordable and easy to install logging device. Simply plug ELD into a vehicle ECM port and start recording driving hours and miles automatically.

#### Logbook App

Easy to use app for managing hours of service logs. It connects to ELD via bluetooth and displays recorded driving time to a driver.

#### **Tablet/Smartphone**

HOS 247 ELD & App work great with most Android 3G/4G tablets and smartphones. Use your own or purchase devices and data plans from us.

### Install & Connect ELD

HOS 247 ELDs are installed within minutes

**✓** Locate ECM (diagnostic) port

Locate ECM (diagnostic) port inside of your vehicle. Look for 9-pin or 6-pin circular ports in heavy duty vehicles. Look for OBDII port in light/medium duty vehicles.

Install ELD

Simply plug the provided cable into a vehicle ECM (diagnostic) and attach the other end to the ELD device. The dual fastener is provided for dash mounting.

**✓** Log into HOS 247 Logbook App

Log in to HOS 247 Logbook App on your tablet/smartphone with a username and password created during a sign up process or provided by a fleet manager.

**Connect ELD** 

Select a vehicle from a list of available vehicles and your device will attempt to connect to ELD via Bluetooth. Green Bluetooth indicator at the top right corner means you are ready to start using ELD.

### **Optional Tracker-Transmitter**

The optional hard-wired tracker-transmitter increases location visibility and may be used as a backup tracking source. Also, it may be used as an alternative source to obtain/estimate the vehicle parameters if the vehicle does not have an ECM.

Placement

Place the tracking device under the dashboard at the base of the windshield. Attach the wiring harness to the transceiver and secure the device with the fastener.

**Power Source** 

Find a constant 12 VDC power source wire and connect it to the red wire on the tracking device.

**⊘** Ignition Wire

Find the ignition/accessory wire on the vehicle and connect it to the white wire on the tracking device.

**Ground Wire** 

Find the ground wire and connect it to the black ground wire on the tracking device.

### Driving with ELD

- Once ELD connected, your driving time will be captured automatically.
- Once your vehicle is moving at 5mph or more, your duty status is switched to Driving.
- X Your logs and other features are not available while in Driving mode due to safety reasons.
- Once your vehicle is stopped, you may change your duty status by tapping on the status circle. The app will remind you to make a selection in 5 minutes. If no selection is made, your duty status will be switched to On Duty.

Available driving hours, required breaks, on-duty limits and required off-duty time are calculated automatically

Visual notifications and sound warnings help you to avoid hours of service violations and stay compliant

## **Duty Status**

Set duty status with just two-clicks. Status is updated automatically when driving starts or stops, Easy-to-use interface allows drivers to spend less time doing paperwork and more time driving. HOS 247 simplifies training and prevents log errors.

"Managing Hours of Service is much easier with HOS 247"

Current duty status is always displayed on Status page inside of status circle along with available or reset hours.

Tap the status circle, select your current status, add a note if necessary (i.e. pre-trip inspection) and press "Update" button.
